

bilmama

PRODUCT CATALOGUE
2024

Bilmama was established in Ankara in 1988 and is one of the oldest companies in the country for professional animal feeding. Our company, which started to invest in the pet sector after 2005, has continued to produce in 2 separate facilities in Ankara since then. **Bilmama** is the producer and distributor of more than 300 different products for pets.

Bilmama has products in **Premium** and **Super-Premium** segments, which are completely domestic production. The highest quality product range produced in Turkey is exported to 13 different countries. In addition to production with the most natural and fresh ingredients, every product in our range is specially formulated to support the hair and joint health, development and immunity of our little friends.

GLUCOSAMINE

CHONDROITIN
SULFATE

PROFESSIONAL FORMULA for **ACTIVE ADULT DOGS** with **LAMB & SALMON**

It's special formula which consist of %100 natural and fresh food source meets your dog's nutritional needs completely and in a balanced way.

The high-quality vitamins, minerals and antioxidants contributions improve the strength against diseases by strengthening the immune defense system.

The balance between Omega 3 - Omega 6 essential fatty acid and other fatty acid was provided to improve nervous system, to supply healthy skin and feather structure and to help joint and cardiovascular health.

The calcium-phosphorus balance in the content supports the development of healthy teeth and skeletal structure. in addition, the strong physical structure of the granules prevents calculus formation by carrying out the mechanical cleaning.

While ideal fiber structure helps digestive system, the content of aminoacid which has high rate of digestion provides strong muscle structure and healthy development of the body.

TOTAL PROTEIN %30 **HIGH ENERGY %20 TOTAL FAT**

INGREDIENTS

Dried lamb meat, rice, corn, potato, fish meal, refined chicken oil, fish oil, beer yeast, dried sugar beet, prebiotic mannan oligosaccharides, yucca extract, glucosamine, chondroitin, vitamins and minerals.
